Chubb Claims Are Handled With Empathy, Efficiency and Expertise.

We in Chubb Claims have a clear purpose, and with this, we deliver great customer outcomes based on the promises made by our underwriters. Our claims professionals provide a claims service that is thoughtful, responsive and solution-oriented, all directed towards our clients' needs. Success here comes from focusing on what we consider to be the five key components of great claims service: certainty, speed, innovation, expertise and consistency.

How Is Chubb Different?

**We don't just process claims;
we make things right.**

We hope you never need to report a claim with us. But if you do, that's our opportunity to show you what "craftsmanship" means in service to you. It means Chubb people working with empathy, integrity and our legendary attention to detail to resolve your claim. It means we honour the promises we've made to you. Your loved ones, your employees, your home, your business reputation—these things matter. These things are personal, for you and for us.
